

Ultra and Relay have different Drive flow.

Safety is the key to a great dirt experience. Car accidents suck; we prefer that you get hurt on the trail. The drive route is generally the shortest route with the highest portion of paved roads and the least conflict with incoming vehicles and runners. Basic concepts:

1. Watch for runners crossing the roads as they do bolt from the trails!
2. Follow the precise drive route.
3. Be attentive to parking instructions from the exchange volunteers. (No shoulder parking)
4. Stay in designated entrances, flow lanes and exits.
5. Use odometer – trip odometer as not all street signs are readily visible.
6. Exchange numbers and Aid Station letters indicate incoming and outgoing sections.
7. Aid Stations A-B and C-D do have not Ultra support access.
8. **B** =Beverage Locations included along the way.

RELAY

(Read = L to R)

DIRT HEADQUARTERS: Pinckney State Park, HalfMoon Lake-Lower Beach Area**Entrance - Hankerd / Glenbrook Road, Westside****1.7 m North of North Territorial & 2.1 m South of Patterson Lake Road.****1: START – THE STAMPEDE - *No Drive***
